## PERSONAL PROJECTS

### Institution Website

- Website is on **Html, Css, Basic JavaScript** .
- Basically site is about courses that are available in my college. By pressing on those courses you can easily visit my college site and their courses.
- <https://avinashsharma24.github.io/institution-web/>

### Portfolio Website

- It is a Personal Portfolio Website and It's Responsive also.
- Used **Html, Css, JavaScript**.
- <https://avinashsharma24.github.io/Portfolio/>

### BreakingBad

- The site is all about Frontend used ReactJs, HTML,CSS,Javascript ,API fetching.
- Basically there is a show on Netflix BreakingBad .The site is about that and i fetched data from BreakingBad API.]
- I used Props and Hooks(useState , useeffect) concept also and data fetching too .
- <https://avinashsharma24.github.io/BreakingBad/>
